

UNSW Psychology Colloquium series

In 2022 we will be having some colloquia face to face in Room 1616 on Thursdays at 4pm. This time slot is also used when we have speakers from UK/Europe speaking virtually. You are welcome to join us in Room 1616 to watch virtually (and enjoy wine, cheese and people in 3D).

Otherwise colloquia are virtual on Friday. Times may vary to accommodate the speaker's time zone. Zoom details are emailed at the beginning of the week for all colloquia (including face to face). Or you can email Skye McDonald: s.mcdonald@unsw.edu.au or Steve Most: s.most@unsw.edu.au for details.

Term 1		Date	Speaker	Institution	Host	Time	Location	Topic
